Stonewall

Stonewall, Oct. 26.- We have really had lots of rain. It has cleared up and turned cold, so hope it will stay pretty for some time yet.

Mr. and Mrs. Irby Wheeler visited in Roanoke with relatives last week.

Our community was saddened last week by the death of Miss Mattie Sue Brown. We extend deepest sympathy to all her loved ones far and near.

Mr. and Mrs. Wallace Bondurant, Sr. and son, Clyde and daughter, Madlyn spent the week-end at Rustburg, with Mr. and Mrs. W. T. Younger and Mrs. Ruby Oaks.

I hope a large crowd will go from Hebron to the W. M. U. meeting at Liberty Baptist Church tonight.

Rev. and Mrs. Collie Rock and boys are leaving today for their new home in Littleton, N. C. I hope for them the very best in their new home. They will surely be missed by their many friends they have made while in our midst. He has been our good pastor at Hebron for over four years.

Mr. and Mrs. E. L. Chick ate birthday dinner with their son-in-law, Mr. Henry Beard and his family on Sunday. We wish for him many more happy birthdays ahead.

Miss Winnie Lee, of Harisonburg College spent the week-end here with her parents, Mr. and Mrs. Tilden Lee.

Mr and Mrs. Cantrell Smith and girls, of Lynchburg, spent Sunday with her parents, Mr. and Mrs. C. D. Carson.

Mr. and Mrs. Harry G. Lawson, of Charlottesville spent the week-end with her parents, Mr. and Mrs. Rufus Burnette.

Mr. and Mrs. Howlette Drinkard, Sr., Mr Malcolm Drinkard, Mr. and Mrs. Howlette Drinkard Jr., and Mr. and Mrs. E. L. Chick visited Mr. C. D. Drinkard and Mr. and Mrs. Wesley Bethel and Linda Sue, at Oakville on Saturday night. They were joined there by Mr. and Mrs. James Martin, Mr. and Mrs. Fleming Drinkard and sons, David and Warren, Mr. and Mrs. Robert Martin and Mr. and Mrs. Harold Martin and son, Louis, and Mr. E. B. Drinkard. All reported such a wonderful good time.

Mr. and Mrs. Calvin Tanner, of Lynchburg, spent the week-end with his and her parents, Mr and Mrs. Tommie Tanner and Mr. and Mrs. Lyle Thomas.

Mrs. John Alvis has been on the sick list for some time. Do hope she will soon be feeling lots better and back at her school.

New Use For Jets

Bailey, Colo.- Two jet fighter planes recently guided ranchers to a herd of 200 cattle stranded in deep snow. They were the last of 1,200 cattle marooned in Park County by a four-day snowstorm. Ranchers had rounded up 1,000 of the cattle, but couldn't find the remainder.

The planes from the Colorado Air National Guard made two flights over the area before spotting the lost cattle in dense timber. The pilots radioed information that was relayed to horsemen who then rounded up the stray cattle.

PROTEINS IMPORTANT

By Frances Dell

We all know that protein is one of the most important of foods. It is important to people of all ages, for body repair, but, especially to children, for it is the stuff children grow on. Every child should be fed a diet adequate in high - quality protein, along with important vitamins and minerals, that meat, poultry, fish, eggs and milk provide.

Most of us serve meat, poultry, or fish often at the main meal of the day. Eggs are served at breakfast or lunch.

Milk should appear on your table three times a day, when children are in the family. They should be encouraged to drink milk as part of the mid-morning snack or after school. Milk is a source of protein, and is our leading provider of the mineral calcium.

Pre-school children need three to four 8-ounce cups of milk a day. Teen-agers need four or more. Adults should include two cups in their daily diet. If you have a weight problem, or are watching your weight, use nonfat milk or buttermilk.

A half-cup serving of ice cream is the equivalent in calcium of a quarter cup of milk. Cottage cheese is a good low calory way to get additional calcium. Cheese of any type may be a source of calcium and important minerals.

KNOW THE WEATHER

By E. H. Sims

Do the stars affect our weather? Does the Milky Way, which now extends in a vast curve through the center of the celestial hemisphere from northeast to west, have any influence on the weather?

As far as astronomers now know, the stars have little if anything to do with our weather, but our sun is all-important and actually is the source of our weather. The stars—and other suns— may have long range bearing on our sun and our weather but that question is not yet finally resolved.

The sun's heating of the earth's surface is the beginning of all our weather movement, the making of clouds, the rising of warm air, and the making of winds. Without our sun, the earth would be a bleak place, perhaps like the cold lifeless planet

TOPDRESSING WILL HELP PASTURE STAND

A liberal topdressing of fertilizer will help keep pasture stands in top condition, says John F. Shoulders, associate agronomist at VPI.

He points out that pastures must have plenty of phosphate and potash, and that lime needs must be met if pastures are to remain productive. So topdressing is an important job this season.

He reminds farmers that the first essential factor in maintaining productive pasture is to keep the pH between 6 and 6.5. Have the soil tested and apply lime as needed.

Ladino clover-orchard grass or ladino - fescue mixtures should be topdressed with 400 to 800 pounds per acre of 0-14-14, 2-12-12, or from 200 to 600 pounds of 0-20-20 fertilizer or the equivalent. If the pasture has been closely grazed, 5-10-10 or 10-20-20 may be substituted. If the potash level is low, 0-10-20 or 3-9-18 may be desirable.

Orchard grass - lespedeza pastures should be topdressed with 300 to 500 pounds per acre of 5-10-10, or from 150 to 250 pounds of 10-20-20, or equivelent, in late winter or early spring.

Bluegrass - white clover or natural grass -legume pastures need a topdressing every 3 to 4 years with 700 to 1,000 pounds of 0-20-10, 350 to 500 pounds of 0-40-20, or 900 to 1,200 pounds of 0-14-14, or equivalent. If you want to topdress each year, use about 1-3 to 1-2 of these amounts.

If no fertilizer has been applied, or if the pasture is badly run down but still has half a stand, or if reseeding is not to be considered, topdress with a complete fertilizer each year until a good stand comes back.

Escape Artist

Denver, Colo.- A prisoner, Miss Bernadine Maez, slipped into a laundry bag at the Denver County Jail in an attempt to escape.

The bag, with Miss Maez inside, was loaded on a truck and dropped off at the next stop, the Denver County Jail.

Robbed By Telephone

Los Angeles.- A bandit called a service station and proceeded to rob the place —by telephone.

"I have a rifle trained on your back," the voice told the attendant, William Elrod, "Take all the money from your safe and put it in the trash can in front of the drive-in next door — You have your foot on the bench," added the bandit, to prove he was watching Elrod.

The attendant followed instructions, then called the police, but the $250 he had placed in the trash can was gone.
